Heaven's Tears (Quadrology)

From the staff a drop detaches, hesitates, and falls.
In the chalice of the earth it is received, transformed into fire and light.
Yet the chalice itself gives birth to new tears –
returning to the source, returning to the staff.

Thus the quadrology unites gravity and
transcendence, gift and return,
beginning and renewal.

Where staff and chalice meet, the cycle of tears begins.
