AI-generated painting based on an artistic design**

Carina says about herself

*The design envelops my body like a shoreline.
It knows the tranquility of a still lake
and the dance of falling water.
Between the two flows the power
that carries and allows you to return home..*

Carina's robe is more than fabric —
it is a landscape of water,
a skin of river and spring,
calling and receiving,
like the stream that never stops flowing.
